ALLMAX[®]
ESSENTIALS

• PROFESSIONAL GRADE SUPPLEMENTS •

ALLMAX brings you Branched Chain Amino Acid (BCAA) powder in a 2:1:1 ratio. Unlike other aminos, BCAAs are unique in that they are taken up by the muscles directly whereas other aminos are processed by the liver. BCAAs are critical to building quality muscle fast. BCAAs are widely known to increase the rate of muscle growth in response to training, in fact research indicates that as much as 35% of muscle tissue is comprised of BCAAs. BCAAs are highly Anti-Catabolic. Since muscle tissue absorbs BCAAs directly, your muscle tissue has the fuel it needs and dramatically limits muscle tissue break down. For competitive athletes looking to increase strength and muscle size, BCAAs are the "must-have" supplement.*

L-LEUCINE - provides support to lean muscle tissue, specifically when training intensely, and helps to maintain a positive balance within the body. Leucine is referred to as a "limiting nutrient"; meaning the body requires L-Leucine in a specific ratio to other aminos to assimilate protein into the body. Leucine activates a major anabolic pathway called the mTOR pathway which stimulates muscle protein synthesis.*

L-VALINE - plays a role in protein synthesis. It provides extra support during times of hardcore training, making it a valuable addition for any athlete.*

L-ISOLEUCINE - supports muscle recovery post-workout. It reduces post-training muscle soreness, which leads to extended endurance.*

ALLMAX BCAA 2:1:1 are the highest quality BCAAs you can buy.

* In conjunction with diet and resistance training. / En conjonction avec un régime alimentaire et de la formation de résistance.

BCAA

+ Increase Lean Muscle Mass*
Augmenter la masse musculaire maigre*

+ Decrease Muscle Loss*
Diminuer la perte musculaire*

+ Reduce Muscle Soreness*
Réduire les douleurs musculaires*

INSTANTIZED
2:1:1
BCAA POWDER

400 g

Net Wt / Poids 400 g (14.11 oz)

NPN 80037958

Powder / poudre

Medicinal Ingredients / Ingrédients médicinaux

Serving Size / Portion : (1 scoop / cuillère) 5 g
Servings Per Container / Portion par contenant : 80

Amount Per Serving / Teneur par portion	% DV/VQ
Branched Chain Amino Acids (BCAA) 2:1:1	5 g †
Instantized L-Leucine	50%
Instantized L-Valine	25%
Instantized L-Isoleucine	25%

† Daily Value (DV) not established. / Valeur quotidienne (VQ) non établie.

Non-medicinal Ingredients: Lecithin (Sunflower).
Ingrédients non-médicinaux : Lécithine (Tournesol).

DIRECTIONS: Mix 1 scoop (5 g) with 180 to 240 ml (6 - 8 oz) of water, juice, supplement for 15 to 20 seconds using a shaker cup or simply with a glass and spoon. Ideal for adding to ISOFLEX[®], CARBION[™], IMPACT Xtreme[™] or QUICKMASS[®].

MODE D'EMPLOI: Mélanger 1 mesure (5 g) avec 180 à 240 ml (6 - 8 oz) d'eau, jus ou supplément de 15 à 20 secondes utilisant un shaker ou simplement avec un verre et une cuillère. Idéal pour l'ajout de ISOFLEX[®], CARBION[™], IMPACT Xtreme[™] ou QUICKMASS[®].

WARNINGS: For adult use only. Do not use if you are pregnant and breastfeeding, if you are taking Levodopa, a medication used to treat Parkinson's disease, if you have pre-existing medical condition(s) and or are taking any prescription or OTC medication. Consult a healthcare practitioner prior to use if you have liver or kidney disease or if you have been instructed to follow a low protein diet. Discontinue use and contact your health care provider if you experience hypersensitivity (such as allergies) or an adverse reaction. Store in a cool, dry place away from direct sunlight. Do not use if inner seal is broken.

ALLERGEN WARNING: Produced in a facility that also handles Milk, Soy, Egg, Peanut, Tree Nuts, Sesame, Fish, Crustacean and Shellfish products.

AVERTISSEMENTS : Pour usage adulte seulement. Ne pas utiliser si vous êtes enceinte et si vous allaitez, si vous prenez de la levodopa, un médicament utilisé pour traiter la maladie de Parkinson, si vous avez des conditions médicales préexistantes et/ou si vous prenez des médicaments sur ordonnance ou en vente libre. Consulter un professionnel de la santé avant d'en faire l'usage si vous souffrez d'une maladie du foie ou des reins ou s'il vous a été demandé de suivre un régime pauvre en protéines. Cesser l'utilisation et contacter votre fournisseur de soins de santé si vous ressentez une hypersensibilité ou une réaction indésirable. Conserver dans un endroit frais et sec à l'abri de la lumière directe du soleil. Ne pas utiliser si le sceau intérieur est brisé.

AVERTISSEMENT ALLERGÈNES : Produit dans une installation qui traite également des produits du lait, soja, oeuf, arachide, noix d'arbre, sésame, poisson, crustacés et fruits de mer.
